

Fillmore County Hazard Mitigation Plan Draft

A draft copy of the new Fillmore County Hazard Mitigation Plan Five-Year Update is currently being made available for public review. Hazard Mitigation is defined as any sustained action taken to reduce or eliminate the long-term risk to life and property from hazard events. It is an on-going process that occurs before, during and after disasters and serves to break the cycle of damage and repair in hazardous areas.

The County Plans are reviewed by the Minnesota Department of Public Safety Homeland and Security Emergency Management and approved by FEMA. The updated plan is being edited for content and design and we are making it available to the public for viewing and/or comment. A paper copy of the plan is available at all the City Libraries in Fillmore County and an electronic copy is available on the Fillmore County website at <http://www.co.fillmore.mn.us/sheriff/emergency>

This review process will be open until September 16th, 2017 at 4:30 p.m.

If you have any questions or comments regarding the plan, please contact:

Kevin Beck, Fillmore County Emergency Management Director at 507-765-3874, kbeck@co.fillmore.mn.us or Scott Reiten, Region 9 Development Commission at 507-389-8880, scott@rndc.org
